SVC QUARTERLY SCHEDULE

Fall 2012

Skagit Valley College
Where Learning Comes to Life

Academic Success, Family Style

For the tight-knit Bray family (daughters Samantha and Charleen, along with their mom, Diane) it's all about the sense of community at SVC. All three are 4.0 students and scholarship recipients. Their career plans will be in fields of human services and medical assisting.

Washington Monthly 2010 College Rankings TOP 30

Washington Monthly magazine 2010 has ranked Skagit Valley College as

19th in the Nation!

With this recognition, SVC becomes the only community college in Washington to appear on both the 2007 and 2010 lists.

Classes begin

Monday, Sept. 24

Welcome to Fall Quarter!

Whether you are preparing for a new job, beginning your college experience, or just exploring life's options right now, I applaud your interest in Skagit Valley College!

You will discover a culture at SVC that is highly student-centered. It is a place where you are welcome, a place where your success is a priority, and a place where you can get involved and stay connected.

At Skagit, it's more than a college; it's a community. We understand the important role relationships play in your success. So, that is why we have made a commitment to identifying active learning strategies and support systems to guide you. Our commitment is built upon the dedication of exceptional faculty and staff who have helped shape the Skagit tradition since the college was founded in 1926.

As a Skagit Valley College alum myself, I had wonderful instructors, advisors, and coaches who guided me as I earned my associate in arts degree. Whether it was in the classroom or on the athletic fields, these relationships became the cornerstone of my community college experience and motivated me to pursue a career in higher education.

So, as you begin your own program of study in Mount Vernon, Oak Harbor, Clinton, Friday Harbor, or via eLearning, I encourage you to identify special mentors who are ready to support your academic success. You will be part of an exciting learning environment that is uniquely Skagit. Truly, people make the difference!

On behalf of the Skagit Valley College Board of Trustees, faculty, and staff, I welcome you to the Skagit community and I wish you the best! I also look forward to meeting you at college activities and events throughout the year.

Sincerely,

Dr. Thomas A. Keegan
President

Our Mission Statement

Skagit Valley College exists to expand opportunities and horizons for students and to improve the communities in which they live. We achieve this by welcoming and valuing diverse learners, providing quality education and support, and contributing community leadership and service.

Reports or information releases on FERPA, student rights and responsibilities, state funding support, graduation rates, placement rates, scholarships and crime statistics are available upon request from the Student Services Office.

Student ID Numbers

Pursuant - SB5509 your Social Security Number will not be used - identify your educational records at SVC. A student identification number will be assigned for use in future transactions. SSN will be requested for other transactions.

Common Student ID Opt-in Process

(Washington State Community and Technical Colleges only)

Beginning Winter Quarter 2012, upon admission - a college, students may opt - have the same student ID assigned that was assigned at a previously attended college when they provide a correct social security number. This common SID process only affects students who apply - colleges as of 12/16/2011. It does not apply - previously applied or attended colleges within the Washington State Community and Technical college system.

Internal Revenue Service Treasury Regulation

TO COMPLY WITH FEDERAL LAWS, we are required to ask for your Social Security number (SSN) or individual taxpayer identification number (ITIN). We will use your SSN/ITIN to report Hope Scholarship/Life Time tax credit, to administer state/federal financial aid, to verify enrollment, degree and academic transcript records, and to conduct institutional research. If you do not submit your SSN/ITIN, you will not be denied access to the college; however, you may be subject to civil penalties (refer to Internal Revenue Service Treasury Regulation 1.6050S-1(e)(4)for more information). Pursuant to state law (RCW 28B.10.042) and federal law (Family Educational Rights and Privacy Act), the college will protect your SSN from unauthorized use and/or disclosure.

New Student/Transfer Student/Returning Student Advising

- **New SVC degree seeking students:** You are required to attend an advising session before they can register at SVC. This requirement can be fulfilled by attending a group advising session, completing the new student online advising module, or meet with a counselor or advisor in person. Skagit Valley College has implemented mandatory advising to make sure students are aware of graduation requirements, college resources, and opportunities.
- **Returning Students:** Returning SVC students (students who have not attended SVC for three years) are strongly recommended to see a counselor before registering for classes.
- **Transfer Students:** Students who have attended another institution and are transferring to SVC are required to meet with a counselor before registering for classes.

Getting Started is Easy!

APPLY FOR ADMISSION –
Fill out an application or apply online at www.skagit.edu

APPLY FOR FINANCIAL AID IF YOU NEED FINANCIAL ASSISTANCE

Worker Retraining

Worker Retraining is a state-funded program that provides job-related training and employment services to dislocated and unemployed workers to help them gain additional training in their existing field or get started on a new career path.

Students in the Worker Retraining Program have diverse backgrounds, education levels, and types of work experience. You may be eligible for Worker Retraining if you:
- Have been laid off or have received a layoff notice from a WA state employer AND
- Are currently receiving or are eligible to receive Washington state unemployment benefits; OR
- Have exhausted Washington state employment benefits within the past 24 months.
- Need to upgrade your skills to remain employed

Training offerings include short-term certificates and up to two-year technical degree programs. Because the emphasis in the Worker Retraining Program is retraining and rapid reemployment, programs designed for transfer to a four-year college or university are not approved. SVC Worker Retraining Financial Aid provides funding for tuition and books for approved programs. The SVC Worker Retraining Program works closely with WA State Employment Security, Northwest Workforce Development Council and Work Source. Approval from Employment Security (Commissioner Approved Training) is required to enroll in a training program while drawing unemployment benefits.

Student Eligibility to Pay Resident Tuition

House Bill 1079 which took effect July 1, 2003 allows people who are not documented as citizens to attend college paying in-state tuition. Eligibility: People who have resided in Washington state for the three years immediately prior to receiving a high school diploma and completed the full senior year at a Washington High School or who have completed the equivalent of a high school diploma and resided in Washington state for the three years immediately before receiving the equivalent of the diploma and who have continuously resided in the state since earning the high school diploma or its equivalent.

Time of Degree Completion

Pursuant to E2SSB 5135, Skagit Valley College has developed policies to ensure enrolled undergraduates complete degree and certificate programs in a timely manner. These policies address: (a) Students who accumulate more than one hundred twenty-five percent of the number of credits required to complete their respective associate degree or certificate programs; (b) Students who drop more than twenty-five percent of their course load before the grading period for the quarter or semester, which prevents efficient use of instructional resources; and (c) Students who remain on academic probation for more than one quarter or semester.

We are an AVID Post-Secondary Institution

Skagit Valley College embraces Advancement Via Individual Determination (AVID) learning strategies. AVID provides our students with proven methods for being successful in college classes. These learning practices focus on writing, inquiry, critical thinking and reading. Many faculty have adapted these learning tools to successfully teach their subject area. AVID practices are used in all Skagit County school districts and are familiar to many of our incoming students. SVC wishes to continue the good classroom practices started in K-12 that support student achievement and performance in college level classes. It is our hope that by using these strategies in our classrooms and supporting students to use them in their college learning, that all students will be successful in completing their college goals at Skagit Valley College and beyond.

Adult Basic Education/ESL

$25.00 per person per quarter. An ABE/ESL tuition waiver may be granted—see Registration for eligibility.

**** Fees:***

General Fee—*$2 per credit up to a maximum of $34.00 per quarter. In exchange for paying this fee students receive placement testing as they enter the college, unlimited transcript requests prior to and after graduation, graduation regalia and diplomas, a yearly parking permit decal (MV campus) and parking maintenance of the district's owned parking lots at Mount Vernon, Whidbey Island and San Juan Island.*

Student Technology Fee—*$5 per credit up to a maximum of $40 per quarter. This is a student-controlled fee that pays for student-use technology such as computers and staffing for general computer labs, student e-mail, and other emerging technology enhancements.*

ASSVC Self Assessed Building Fee—*$1.50 per credit up to a maximum of $15 per quarter. Funds collected from this fee pay for student facilities at the college including the newly remodeled Campus Center building on the Mount Vernon Campus and improvements to student facilities on the Whidbey Island Campus and South Whidbey and San Juan centers.*

E-Learning Fee—*$22.00 per E-Learning and/or hybrid course up to a maximum of $44 per quarter. This fee subsidizes the cost of the software licenses necessary to offer courses in online formats. It also pays for the cost of on-ground, online, and telephone support for E-Learning students.*

Active Duty Military & Military Dependents

Same as resident fees.

VETERAN'S WAIVER

A Veteran who was honorably discharged from the United States military/naval forces may be eligible for a 20% tuition waiver if the veteran meets all of the following requirements:

1. *Can qualify as a WA resident at the time of enrollment per RCW 28B.15.012.*
2. *While serving as an active or reserve member in the U.S. military/naval forces or National Guard, the veteran served in a war or conflict fought on foreign soil, or in international waters, or in another location in support of U.S. military/naval forces that were on foreign soil or in international waters.*
3. *Service is recorded on the veteran's DD-214 or other official military/naval document.*

Please contact the Veteran's Office to determine eligibility:

Call 416.7649 for more information.

Add/Drop & Attendance Policies

Attendance

Students are expected to attend all classes in which they are registered, as evaluation of progress in any course is cumulative and based on class assignments, participation and examinations.

Course Drops

- **Up to the 3rd day of the quarter,** students may withdraw from a class via Web Registration or submit an Add/Drop form to the Registration Office.
- **Failure to attend** a class does not constitute a course drop. ***Students who do not officially withdraw will be assessed full tuition fees, and refunds will not be made.*** Requests for late drops will not be granted simply because the student was unaware of the policies, or failed to submit a drop form.
- **Courses dropped before the 10th instructional day** of the quarter will not be posted to the permanent student record.
- **Courses dropped after the 10th instructional day** will be annotated "W" on the permanent student record.
- **Courses may be dropped any time before close of business** on December 7, 2012. The only exception is that all courses of enrollment may be dropped by the last day of the quarter, Friday, December 14.

Course Adds

Until the 3rd day of the quarter, students may add courses via Web Registration or submit an Add/Drop form to the Registration Office according to space availability. After the third day, students must submit an Add/Drop form to the Registrar's Office.

After the 3rd day of the quarter, course adds will be made only with the instructor's signature, and in consideration of the wait list, if any. A course Add/Drop form must be submitted to the Registrar's Office.

Complaint Process

The United States Department of Education (USDOE) requires that institutions provide current and prospective students with contact information for filing complaints with its accrediting body and the appropriate state agency for handling complaints.

Skagit Valley College is accredited by the Northwest Commission on Colleges and Universities (http://www.nwccu.org/). If you feel that your concerns have not been adequately addressed by the college, you can file a complaint with the Northwest Commission by mail at 8060 165th Ave. NE Suite 100 Redmond, WA 98052 or by telephone (425) 558-4224. The College is regulated by the State Board for Community and Technical Colleges (http://www.sbctc.edu) which you can reach by mail at PO Box 42495 Olympia, WA 98504-2495 or by telephone (360) 704-4400.

Students wishing to file a complaint regarding the loss of tuition and fees as the result of an unfair business practice against an institution that is authorized by the Higher Education Coordinating Board should submit a

request to dainfo@hecb.wa.gov for the appropriate form.

2012-2013 State Support of Higher Education Students

Through Opportunity Pathways, Washington State provides a variety of financial aid programs to help students and their families pay for college. Pursuant to RCW 28B.15.0681, the approximate level of state support received by students is being provided to the colleges for your use. The following table indicates average state support by tuition category for students attending community and technical colleges for the academic year 2011-2012.

	Resident Undergraduate	Nonresident Undergraduate
Instructional Cost per FTE Student	$6,168	$6,168
Operating Fee	$2,849	$7,684
Net State Support per FTE Student	$3,319	—-

The following table indicates the amount of state supported financial aid including that provided from the local institutional financial aid fund (3½ percent).

	State Financial Aid	Institutional Financial Aid
Undergraduate Resident	$793*	$87**
Undergraduate Nonresident	$0**	$0**

Pursuant to RCW 28B.15.0861 the sources of all institutional revenue received during the prior academic year and the uses of tuition revenue collected during the prior academic year is published at the following link. http://sbctc.edu/college/finance/CTC_Revenue_and_Tuition_Statutory_Disclosure.xlsx

** Includes State Work Study, State Need Grant, and all other financial aid programs administered by the HECB, and SBCTC administered programs: Opportunity Grants and Worker Retraining Financial Aid.*

***State and Institutional financial aid is not available to nonresidents.*

E-Learning at SVC

SVC offers students a variety of E-Learning resources on campus and off. Here are some ways education can come to you:

- **Online Courses:** Coursework is done completely online. Students can access materials anywhere they can access the internet. Instructors are available by phone and e-mail to assist students. Online courses are a great option for students to take courses without having to come to campus. The courses follow the same schedule as campus classes and study times are flexible around personal schedules.
- **Hybrid Courses:** Coursework is done partially online and partially at an SVC campus and the online portion is required.
- **Web-enhanced Courses:** Coursework is done at an SVC Campus, but the instructor will have extra resources available online. The online portion will not be required.

What support is available for E-Learning? SVC students are able to obtain a university transfer degree as well as several certificates online. Services include virtual library resources; financial aid; online advising and registration; and an online bookstore. Lots of personal tools are available as well as free email, schedule, transcript, and quarterly grade access.

What skills and equipment do I need to succeed? You don't have to be a computer wizard to have the technical skills necessary to be a successful online learner, but you do need:

- To be able to navigate the Internet, using a browser.
- Basic computer skills, including: typing, using a mouse, saving, editing and opening a document, and ability to cut/paste and copy text.
- To use email and attach a file to your email message.
- A computer with internet access and a reliable internet service provider.

*SVC provides every student with an email account. This account is the primary tool for official college communications.

How do I access online, hybrid, and web-enhanced classes? Most SVC classes use Moodle (elearn.skagit.edu) for the online portion of the class, but some class may use Course Compass or textbook-specific classes. See the schedule search (www.skagit.edu/schedules) or the MySVC homepage (www.skagit.edu/mysvc) for what system your class will be using.

Student Online Support (SOS)

Sat, Sun & Holidays: Closed

Moodle has replaced Blackboard…

You are encouraged to participate in a free orientation. You will learn how to log into Moodle, what a typical E-Learning course is like, and answer most frequently asked questions. ***Bring your student ID!***

Visit **http://elearn.skagit.edu** for training and orientation schedules.

How do I access my free college email account?

1. **Getting Started:** Once you are redirected to the MySVC Start Page, you will need to click on Sign In and follow the username/password example below to access your personal MySVC start page. Once you are signed in you can accees email, document collaboration, calendars and MORE!
2. **Your MySVC Username** is combination of your first name initial, full lastname, and the last four digits of your Student ID# (all lowercase).

   For Example:
   John Smith
   SID # 740020987
   Your username is: jsmith0987
   Your email address would be: jsmith0987@mysvc.skagit.edu
3. **Your Default MySVC Password** is created from a combination of your birthday, your first, and last name (case sensitive).

   For Example:
   Birthday: 01/01/1980
   Name: John Smith
   The password would be: 010180JoSm

   Please note that the J & S are capitalized in the above example! Your first and last name initials would need to be capitalized as well.

ABE/GED Student Orientation

This is a new requirement for all ABE/GED students. Registration and attendance of the Orientation is required for all new and returning students before placement in class. Students must attend each day of the orientation; see schedule below. Once orientation is complete, classes will meet M, T, W, and Th or F through the end of the quarter. If you have questions, call 360.416.7910 to talk with Kathy Shannon. Students 16-18 years old will need approval from their school district before registering.

During ABE Orientation, new students will enroll in the appropriate reading, writing and/or math ABE classes which begin on Monday, October 1.

FAMILY LIFE

For more information about Family Life courses, call Barbara A. Smith at 360.416.6734 or email barbara.smith@skagit.edu.

The family Life program, operated in conjunction with parent cooperative preschools, provides parents with an opportunity to work with and observe their children in an educational setting. Parents have an opportunity to observe child behavior, to practice skills and techniques useful in working with small groups of children, and to practice guidance techniques useful in dealing with child behavior. The program offers parents a support service as they bring up their children in a changing society. Parent Cooperative Preschools are located in the following areas:

Anacortes:	Cheryl Hawes	(3)	425.334.0769
La Conner:	Barbara A. Smith	(3)	360.416.6734

INTEGRATIVE LEARNING
Integrative learning experiences include Learning Communities (LCs) and Integrative Experiences (IEs). An LC is the integrated combination of two or more courses from different areas of inquiry (e.g. sociology and literature, or physics and math, or speech and economics, or composition and philosophy). IEs are curricular (course) or co-curricular experiences designed by faculty in which students demonstrate their ability to integrate information, concepts, analytical frameworks, and/or skills from two or more areas of inquiry in a purposeful project or experience. (See also Learning Into Action for information about how some LIA projects can be proposed as Integrative Experiences.)

Students completing the transfer degrees must complete three Integrative Learning Experiences. Two must be Learning Communities (LCs); the third can be another LC or an Integrative Experience (IE).

INTEGRATIVE EXPERIENCES
Integrative Experience courses are seminar-style or other courses designed to integrate information, concepts, analytical frameworks, and/or skills from two or more areas of inquiry in the context of a single course. The Integrative Experiences (IEs) available for Fall Quarter are:

BIOL 152 Biology Seminar: Food Fight – The Politics of What We Eat
ONLINE
2963 BIOL 152I DE (2) ARR HEINZE
This course is an Integrative Experience. One of the three Integrative Learning Experiences required for a degree can be met with an Integrative Experience. Using movies, books and blogs, we will discuss the political controversies, misinformation, and conflicts of interests that surround nutrition science. Contact: susanna.heinze@skagit.edu.

LEARNING COMMUNITIES
Learning Communities are two or more courses joined by a single theme and taught through lectures, group activities and seminars. Student groups learn by sharing questions and ideas, working on projects and developing study groups. Students seeking the AAUCT or AS degree must complete three integrative experiences. At least two of these must be Learning Communities. The Learning Communities available for Fall Quarter are:

LEARNING COMMUNITIES -

See Integrative Learning

LEARNING INTO ACTION

Helping students apply skills outside of the classroom.

LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA project). All LIA projects must demonstrate the student's acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. NOTE that an LIA project that demonstrates integration of more than one discipline can be proposed, by the student's faculty sponsor, as an Integrated Experience (LIA/IE). One of the three Integrative Learning Experiences required for your degree can be met with an Integrative Experience. For more information or to make an appointment, contact the Counseling Department at 360.416.7654.

HIGHLIGHTS

Health and Fitness Technician One-Year Certificate

The personal training industry has more than tripled in the last few years. This certificate is designed to provide students with entry-level skills needed to enter the fitness industry. Health and fitness technology is an allied health profession in which practitioners provide information and instruction (individual and group) in the areas of nutrition, flexibility/exercise, strength training, cardiovascular training, kinesiology, injury prevention and other related topics.

Start this program Fall 2012 and finish Spring 2013. For more information, contact Beth Collins at beth.collins@skagit.edu.

Anthropology of Religion (ANTH& 234)

Want a challenging and thought provoking class? Well, this is the one.

Religion is a cultural universal that is manifested in many different ways. Examine the origins of religion. Discover the functions of all religions. Explore polytheism, monotheism, animism, and animatisms. Discuss the various aspects of the types of witchcraft and magic. Understand the conditions for revitalization movements. Many methods will be applied to give the student the opportunity to understand religion from anthropological perspectives. Meets Tuesday/Thursday 6:30-9:00pm.

Online Learning Community

"Controlling the Chaos" -- Modern Art History (ART 144C DCA) and Western Civilization III (HIST& 118C DCA). Explore the birth and development of the modern sensibility of the western world amidst the chaos of the 19th and 20th centuries. Enroll in both classes to receive Learning Community Credit. See Learning Communities.

Skagit Valley College, in partnership with Janicki Industries, Nordic Tug, Nichols Brothers, Workskiff, Inc., Northern Marine, Inc., and the NW Workforce Development Council have established the Northwest Center of Excellence for Marine Manufacturing and Technology.

NW CENTER OF EXCELLENCE for Marine Manufacturing & Technology

The Center is a world-class alliance of employers, industry associations, educators, community-based organizations, government, and labor, all cooperating, leveraging public and private resources, sharing funding and referring students to the most effective Marine Technology training resources in Washington state.

FAMILY LIFE

The Family Life Program, operated in conjunction with parent cooperative preschools, provides parents an opportunity to work with and observe their child in an educational setting. Parents have an opportunity to observe child behavior, to practice skills and techniques useful in working with small groups of children and to practice guidance techniques useful in dealing with child behavior. The program offers parents a support service as they bring up their children in a changing society. To register, contact coordinators in the following areas:

Coupeville	Preschool	(360)678-2232 (answering machine)
	Janet Heverling	(360)679-5347

Year Round Programs

Toddler Learning Center: An early intervention program, serving families with developmentally delayed infants, birth to 36 months. If you believe your child would qualify for this program, call Rene Denman at 360.679.1039 or your local school district.

Early Head Start: A home visiting based program for pregnant mothers and families with infants and toddlers. At home learning is supported through on-

going activity groups. The program serves low -income parents. For eligibility information and application call 360.279.5930 or 360.279.5932.

Comprehensive Preschool Programs

Early Childhood Education and Assistance Program (ECEAP): This free program is for income eligible children who are 3 or 4 years old by August 31. Classrooms are in Oak Harbor, Coupeville, and Langley. For information and application contact the ECEAP Office at 360.675.6656 ext. 5348 and from South Whidbey 360.321.0696 ext. 5348.

INTEGRATIVE LEARNING

Integrative learning experiences include Learning Communities (LCs) and Integrative Experiences (IEs). An LC is the integrated combination of two or more courses from different areas of inquiry (e.g. sociology and literature, or physics and math, or communication and economics, or composition and philosophy). IEs are curricular (course) or co-curricular experiences designed by faculty in which students demonstrate their ability to integrate information, concepts, analytical frameworks, and/or skills from two or more areas of inquiry in a purposeful project or experience. (See also Learning into Action for information about how some LIA projects can be proposed as Integrative Experiences.) Students completing the transfer degrees must complete three Integrative Learning Experiences. Two must be Learning Communities (LCs); the third can be another LC or an Integrative Experience (IE).

LEARNING INTO ACTION (LIA)

Helping students apply skills outside of the classroom. LIA allows students to design projects outside the classroom which demonstrate skills and knowledge acquired in college course work. Students who have approximately 45 transferable credits are eligible to complete a Learning Into Action (LIA) project. All LIA projects must demonstrate the student's acquired knowledge and skills. Some examples include: Cooperative Education, original research, study abroad, community service, campus related activities, developing exhibits, lab work, or clinical experience. MATHEMATICS CENTER

Courses in basic mathematics, pre-algebra, elementary and intermediate algebra, and Professional Technical Applied Math can be taken in the SVC Mathematics Center by independent, disciplined, self-motivated, goal-oriented individuals in a self-paced format. Videos and/or computer-based tutorials for most of these courses are provided along with one-to-one contact with an instructor. Students need to plan for a minimum of 15 hours per week for their math course. Some work may be done at home; however, all testing must be done in the Math Center. Along with the five hours of scheduled time, students should expect to spend an additional 2-5 hours per week in the Center testing. For more information contact Kathy Larson at 360.679.5357 or kathy.larson@skagit.edu. COMPASS test required. See Student Services, Room B100, 360.679-5319.

FAMILY LIFE

The Family Life Program, operated in conjunction with parent cooperative preschools, provides parents an opportunity to work with and observe their child in an educational setting. Parents have an opportunity to observe child behavior, to practice skills and techniques useful in working with small groups of children and to practice guidance techniques useful in dealing with child behavior. The program offers parents a support service as they bring up their children in a changing society. To register, contact coordinators in the following areas:

Coupeville	Preschool	(360) 678-2232 (answering machine)
	Janet Heverling	(360) 679-5347

Year Round Programs

Toddler Learning Center: An early intervention program, serving families with developmentally delayed infants, birth to 36 months. If you believe your child would qualify for this program, call Rene Denman at 360.679.1039 or your local school district.

Early Head Start: A home visiting based program for pregnant mothers and families with infants and toddlers. At home learning is supported through on-

going activity groups. The program serves low -income parents. For eligibility information and application call 360.279.5930 or 360.279.5932.

Comprehensive Preschool Programs

Information related to the Federal Drug-Free School and Communities Act of 1989

Skagit Valley College cares about your safety and welfare. The information published here will tell you more about the steps we have taken to make SVC a drug-free school.

Skagit Valley College intends to provide a drug-free healthful, safe and secure environment. SVC recognizes that its efforts are limited to the following:

1. The effects of drug and alcohol abuse on a student's academic ability and behavior while involved in college activities;
2. The effects of drug and alcohol abuse on an employee's job performance and on-the-job behavior. There will be no intrusion upon the private life of any student or employee.

- Mount Vernon Campus: Health Services, 416.7764
- Whidbey Island Campus: Student Services, 679-5319

I. RELEVANT STATE/LOCAL LAWS & COLLEGE POLICIES

Both the State of Washington and Skagit Valley College have adopted laws and policies governing the use of alcohol and controlled substances. The following is a summary listing of some of the laws and policies most relevant to SVC students and employees:

A. Student Use/Abuse Of Alcohol And Controlled Substances: Students are prohibited from using, possessing, being demonstrably under the influence of, or selling, any narcotic or controlled substance, except when the use or possession of a drug is specifically prescribed as medication by an authorized medical doctor or dentist. Students are further prohibited from being demonstrably under the influence of any form of alcoholic beverage or possessing or consuming any form of alcoholic beverage on college property, with the exception of sanctioned events approved by the president or a designee and in compliance with state law. These prohibitions apply to every student whenever said student is present upon or in any college facility and whenever said student is present at or engaged in any college-sponsored activity which is held on or in non-college facilities. [WAC 132D-120-1-030 (1) and 050 (3) (f) and (g)]

B. Employees are prohibited from being under the influence of or participating in the unlawful manufacture, distribution, possession or use of a controlled substance in and on college-owned or controlled property, or while conducting college business. In addition, intoxicating beverages are not permitted in or around the work site, and employees under the influence of alcohol are not permitted on the work site. (WAC 296-024-073)

II. ASSISTANCE

The college recognizes its obligation to promote the health, safety and well-being of its students and employees and to encourage appropriate assistance.

A. Student Assistance: Students are encouraged to voluntarily seek expert assistance for alcoholism or drug dependency. Students who voluntarily reveal to a college staff member that they have been or are currently involved in the abuse of alcohol or illicit drugs shall have the confidentiality and anonymity of their communication respected and limited to referral to the SVC Counseling Center.

Any student receiving approved professional treatment for an alcohol or drug problem will be considered for emergency medical leave for the purpose of tuition refund according to SVC policy. Students will use their own resources to cover costs incurred for treatment.

B. Employee Assistance: Employees of SVC are encouraged to seek help voluntarily when aware that their use of alcohol or illicit drugs, or any related personal problem, is affecting their job performance. Assistance is available through the College Employee Assistance Program.

EMERGENCY INFORMATION

MEDICAL EMERGENCY

- ***Mount Vernon*** – Call 911 immediately, then report emergency to the Security Office, 7777
- ***Whidbey Island*** – Call 911 immediately (emergency). For non-emergency, call 679.5331

FIRE

ALL OTHER EMERGENCIES

- ***Mount Vernon*** – Call 911 or Campus Security, 7777
- ***Whidbey*** – Call 911 or Vice President Mick Donahue, 679.5333

Administrators of SVC may refer employees to the State Employees Advising Service when job performance deteriorates to an unacceptable level and normal corrective action has not been effective or when an employee abuses alcohol or illicit drugs.

III. SANCTIONS

A. SVC will impose sanctions on students and employees consistent with local, state and federal laws. These sanctions include possible expulsion or termination of students or employees who violate these laws. [WAC 132D-120-050 (2)]

IV. HEALTH RISKS

The following are some of the health risks that have been associated with the use or abuse of alcohol or controlled substances:

A. Alcohol: Use of alcohol, especially over the long term, can result in skin diseases, cancer of the throat, gastritis, pancreatitis, permanent nerve damage, high blood pressure, stroke, heart diseases, enlarged and other liver damage, loss of energy and malnutrition. Alcohol also can kill brain cells, which do not have the ability to regenerate themselves. This can result in irreversible brain damage.

B. Marijuana: Use of marijuana affects the brain by inhibiting short-term memory, slowing reaction time and impairing visual tracking (the ability to follow moving objects accurately). Frequent use is also linked to cognitive impairment (an inability to abstract and understand concepts). Marijuana speeds a user's heartbeat as much as 50 percent while high, an increased risk for anyone with heart disease. Frequent use affects reproduction and is linked to a decreased sperm count and sperm movement (motility) in men and irregular ovulation and menstrual cycles in women. THC, an active ingredient in marijuana, also travels through the placenta and has caused complications during pregnancy.

C. Cocaine: Chronic use can produce cocaine dependency, behavior change and weight loss. Cocaine also interferes with sleep, causing moodiness and irritability. Chemically, chronic cocaine use can lower the threshold for brain seizures and alter the brain's pleasure centers so that the user may need it just to feel normal. Those who smoke crack can also suffer sore throats and lung damage.

D. Amphetamines (Speed): Use of amphetamines or diet pills may cause teeth grinding, sleeplessness, weight loss, sores and nonhealing ulcers, liver disease, hypertensive disorders, cerebral hemorrhage (stroke) and kidney damage. Methamphetamine is capable of producing direct injury to arteries and veins, which can cause severe brain damage. A rebound effect, after long-term use, is characterized by general lethargy and depression of mood and physiological function.

E. Barbiturates (Downers): Use of barbiturates can depress the activity of the nerves, skeletal muscle, smooth muscle and cardiac muscle. Barbiturate use can cause liver damage with long-term use to hypersensitive persons. Depressed breathing and blood pressure, amnesia, coma and brain damage can result from its use. Barbiturates can also cause adverse drug interactions and hormone imbalances. Loss of REM sleep, which can result in reduction of essential well-being, results from barbiturate use.

Students can earn a short term certificate for each of these programs. Certificate credits apply to specific ATA degrees.

- ✔ **Allied Health Education**
- ✔ **Early Childhood Education**
- ✔ **Nursing**
- ✔ **Welding Technology**

IBEST classes integrate college credit courses with English language and adult basic skills. IBEST classes include five hours a week of non-credit Adult Basic Education (ABE) and English as a Second Language (ESL) instruction.

WHO ARE IBEST PROGRAMS FOR?

GED and ESL Students who want to job start their careers by earning a short-term certificate.

- Highly motivated students who are committed to achieving career and educational goals
- Students who read English as a Second Language at Level 5 Reading or higher
- Students working on the GED
- Students testing below college level English/Reading or Math on the COMPASS test.

WHAT IS THE APPLICATION PROCESS?

1. Attend an orientation at 11:30 a.m. the 1st and 3rd Wednesday of each month at Skagit WorkSource
2. Complete an I-BEST application
3. Return completed applications to Maria Galindo, Nelson Hall, room N-122.
4. Attend mandatory Orientation and testing session at SVC. (See ABE 011 – IBEST Orientation for dates and time).

Nallely Carrillo

My name is Nallely Carreón Carrillo and I'm completing my second year at Skagit Valley College. I would consider myself as being from the best of two worlds: I come from a close knit Mexican family and I've also become part of the culture of the United States. Coming from a different country is really hard because of the barriers you can encounter such as the weather, language, customs, food, or even the way you dress.

Thanks to a Champions of Diversity (COD) scholarship, I came to SVC. Being the first in my family to attend college is an honor and I'm very proud of what I have accomplished. I am paving the road for my siblings and future generations to choose education…I will graduate this spring with an AAUCT transfer degree and I will attend Western Washington University in the fall to study Psychology. My dream is to become a school counselor.

Sunny Vanderboll

A letter to Running Start Counselor Rose Brierley

You helped my sister Kit and I enroll in the Running Start program at SVC full-time beginning in 2005 — and I just want to say thank you again! The classes at SVC helped prepare me for Stanford, and the instructors wrote letters of recommendation for me to gain admission to Stanford. I graduated this past Sunday with a bachelor's degree in Civil Engineering. I am back in Washington until late August, when I leave for the Massachusetts Institute of Technology to begin a Master's of Science in Transportation, focusing on mass transit issues. Kit will be starting her senior year at Stanford; she is currently studying abroad at Oxford University and will be working in northern England in an archeological site during the summer, before heading back to California in September to write her honor's thesis in history.

I am so grateful to Skagit for its dedicated faculty and staff, and excellent science and math classes that prepared me for Stanford's engineering curriculum.
